

us dot nhtsa 49 cfr part 578 notice 1 rin 2127-aj32

I cannot conceive of any penalty that should be any less than \$500 for each violation. It costs that much to prosecute a case. the low penalties encourage violations.

I think \$150,000,000 should be the maximum violation. After all many corporations pay that in one year to their senior executives in salary/bonus. Why are U.S. citizens being imperiled by such low penalty amounts.
